CLIENTELE

Merit's clientele spans a diverse range, including Fortune 500 companies, environmental consulting firms, landfills, local industry, and the Department of Defense. Merit is experienced in supporting large and complex projects located throughout the United States and Canada.

TEST METHODS

Merit uses the latest technology and instrumentation to provide the full spectrum of environmental analyses, including specialty testing. Sample matrices analyzed include groundwater, air, soil, wastewater, drinking water, sediment, waste, raw materials, and consumer products.

ACCREDITATIONS

Merit maintains laboratory certification with the National Environmental Laboratory Accreditation Program (NELAP), the Department of Defense ELAP (DoD ELAP), ISO 17025, and numerous state certification programs.

INTEGRITY. SERVICE. RESULTS
